**Methodologies:** Agile/Scrum, Code Review, Technical Documentation

## PROFESSIONAL EXPERIENCE

---

**Software Developer | September 2024 – Present | Programming.com (Mobile Programming India Pvt. Ltd.), Gurgaon**

**iCIMS – Applicant Tracking System (HR SaaS)**

*Technologies: React.js, Redux, TypeScript, Node.js, Material UI, Jest*

- Optimized frontend architecture for enterprise HR platform serving thousands of users daily
- Built reusable custom UI components with comprehensive unit and E2E testing coverage
- Ensured WCAG accessibility compliance and created detailed technical documentation
- Designed and implemented scalable frontend features using React.js and Redux, ensuring maintainable code architecture

**PFRDA – Pension ERP System**

*Technologies: React.js, Redux, Material UI*

- Developed and optimized frontend architecture for government pension management system
- Improved page load speed by 30% through code splitting and intelligent caching strategies
- Collaborated with cross-functional teams including UX designers, backend engineers, and QA to deliver high-quality features
- Conducted comprehensive code reviews and mentored junior developers on React.js and TypeScript best practices

**Software Engineer | December 2020 – September 2024 | Panorama Software Solutions, Noida**

**Regeneron – Pharmaceutical Dashboards**

*Technologies: React.js, Next.js, Redux, TypeScript, AWS*

- Built scalable UI components for complex data visualization and analytics dashboards
- Implemented comprehensive unit testing and deployed applications via AWS infrastructure
- Led a team of 3 engineers, creating development roadmaps, conducting one-on-one meetings, and facilitating pair programming

**Aspiration – Neo Banking Platform**

*Technologies: React.js, Redux, Tailwind CSS*

- Developed secure authentication flows and optimized UI performance for fintech application
- Documented reusable components in Storybook for team collaboration and consistency
- Awarded Employee of the Quarter for exceptional delivery on key projects and team mentorship

## EDUCATION

---

Bachelor of Computer Applications (BCA), IGNOU | June 2015 - June 2018

Freelance teaching, Online | Aug 2018 – July 2019

Web Development Diploma, ADMEC | Aug 2019 – Aug 2020

## LANGUAGES

---

English – Professional

Japanese – JLPT N5 (Learning)

Hindi - Native
